Sezen Yilmaz Sarialtin, Ankara University, Turkey

13:30-14:00 **Title: The diagnostic and therapeutic efficiency of end stage cancer patients via bioactive substances, specific electromagnetic fields, and 25 monoclonal antibodies as biomarkers. (The new Era Cancer diagnosis and Immunotherapy)**

Ioannis K John Toliopoulos, Konstantinion Research Center of Molecular Medicine and Biotechnology, Greece

Break Out Session/ Networking Lounge 15 mins

14:15-14:45 **Title: Validated Capillary Electrophoretic Method for assay of Topical Preparation containing high concentration ratio of the drugs in a binary mixture: simultaneous determination of Mometasone Furoate and Salicylic acid in ointment.**

Rasha M Youssef, Alexandria University, Egypt

14:45-15:15 **Title: Pharmacokinetic Evaluation of Empagliflozin in Healthy Egyptian Volunteers Using LC-MS/MS and Comparison with Other Ethnic Populations**

Shereen Mowaka, British University in Egypt, Egypt

Young Research Forum

15:15-15:40 **Title: Pharmacokinetic Evaluation of Empagliflozin in Healthy Egyptian Volunteers Using LC-MS/MS and Comparison with Other Ethnic Populations**

Masoumeh Behzadi, Sharif University of Technology, Iran

Poster Presentations

15:40-16:00 Title: The breakage of elongated particles for agitated drying conditions in the pharmaceutical industry

François S. Hallac, University of Leeds, UK

16:00-16:20 Title: Recovery of metals from highly concentrated acid mine drainage By liquid-liquid extraction

Alemu Bejiga Melka, Belgium

Special Session

16:20-16:30 Title: RESET POINT

Jelena Helene Cvejic, University of Novi Sad, Russia

Poster Presentations

16:30-16:50 Title: Effect of amino acid functionalization of polyglycerol ester type additives

Iván E. Suárez Acelas, University of Santander, Colombia

16:50-17:10 Title: Computational Study of Electronic Absorption Spectra of Ni(II), Pt(II) and Pd(II) Photosensitizers Complexes Used in Sensitized Solar Cells (DSSC)

Sefia Brahim, University Dr Tahar Moulay, Algeria

Oral Presentations

17:10-17:40 Title: Microemulsions as a diluent for insoluble active pharmaceutical Ingredients (API).

Socrtaes T Egito, University of IOWA, Brazil

17:40-18:10 Title: Nasal Passive Immunization in Alzheimer's Disease - Still a Hope

Neelima Chauhan, American University of Health Sciences, USA

18:10-18:40 Title: Regulatory polymorphisms in drug metabolizing enzymes and their clinical relevance

Danxin Wang, University of Florida, USA

Poster Presentation

18:40-19:10 Title: Effect of Selected Plant Extracts for their Anti-Differentiating and Anti-Lipogenic Properties in 3T3-L1 Preadipocytes

Balwant singh chuhan, American University of Health Sciences, USA
